

Pebble Time Screen Replacement

Replacement guide for the screen of the Pebble Time.

Written By: Saud Al-Malki

INTRODUCTION

Replacement guide for the screen of the Pebble Time.

TOOLS:

- [Metal Spudger](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Screen Cover

- Lay the watch flat on your workstation.

Step 2

- Use the metal spudger to carefully pull apart the screen cover from the case.
- Replace the metal spudger with a plastic opening tool to hold the cover open.

Step 3

- Use the metal spudger tool to carefully loosen the rest of the cover.

Step 4

- Carefully, pull apart the cover with the plastic opening tool.

Step 5 — Screen

- Insert metal spudger into the side of the screen shown in the picture.

Step 6

- Use the metal spudger to pry the screen up.

Step 7

- Once screen is lifted, insert plastic opening tool between the screen connector and circuit board.
- Disconnect the screen from the circuit board.

To reassemble your device, follow these instructions in reverse order.
